## design news

Claudio Gianfranceschi opened **Villaverde** in 2003 and 11 years on he continues to create and introduce exclusive lighting in unique colours and finishes. Combining traditional techniques with expert craftsmanship, Villaverde offers an impressive range of customised lighting handmade in Italy for interiors worldwide. The Aris metal chandelier shown here (left) is available in various sizes and finishes and is exclusive to Villaverde.

**VILLAVERDE**

LONDON

**Villaverde** offers an impressive range of customised lighting, handmade in Italy and suitable for contemporary standards of living worldwide. The in-house lighting design service enables clients to customise various elements while the international consultancy team skillfully guides customers through the whole process, from technical drawings right

through to production. The result is a timeless and elegant lighting solution.
